PARTNER MODEL · JOB COACHING

You coach.
We take care of the rest.

Become part of our job coach network.

As a long-standing provider of digital labour market solutions, Jobnet connects people, potential and opportunities.

- Network of participants
- Labour market know-how
- AZAV-certified
- IT and AI expertise

1 What the partnership offers you

More participants – without acquisition

We recommend suitable participants from our talent pool and our community of jobseekers.

Access to projects and contracts

Through our network of Jobcenters and education providers, you hear early about projects and assignment opportunities.

We connect you with suitable partners.

Certification & technology included

You benefit from our AZAV certification (nationwide, also online) and our many years of experience with platforms for work and education, potential analysis, learning platforms and AI technology.

Administration by our team

Jobnet takes care of all the administration.

A team for coordination, IT and support is at your side.

Part of a community

Exchange with other job coaches and a direct connection to Jobcenters, education providers and employers.

2 Our strength: IT/AI and labour market know-how

We bring Jobcenters, education providers, employers and jobseekers together on one shared platform and link employment promotion with the recruitment of skilled workers. For you, this means: a partner who knows the labour market and is closely connected with its key players.

OUR CLIENTS

Jobcenters · Education providers · Transfer service providers · Vocational rehabilitation · Economic development agencies · Welcome Centers · Skilled worker programmes

3 Cooperation model

50 % you | 50 % Jobnet

Our share covers certification, participant acquisition, technology and administration.

Details are set out in the individual partner agreement.

YOU CONTRIBUTE

Your coaching expertise and the personal support of participants.

JOBNET CONTRIBUTES

Participants and network, certification, technology and administration.
